

Walden University is pleased to partner with Organization of Nurse Leaders to meet the professional development needs of its members. Walden is committed to helping working adults continue their education so they can make even greater contributions in their organizations.

As a part of that commitment, we have extended a **20% tuition reduction** for the life of the program to all ONL members who enroll as a New student in any Walden bachelor's, master's, or doctoral degree programs on or after 7/15/2016*.

Walden's suite of nursing programs include:

- CCNE-accredited Bachelor of Science in Nursing (RN-BSN) Completion Program
- CCNE-accredited Doctor of Nursing Practice (DNP)
- PhD in Nursing
- CCNE-accredited Master of Science in Nursing (MSN) with specializations in:
 - Leadership and Management
 - Nursing Education
 - Nursing Informatics
 - Adult-Gerontology Nurse Practitioner
 - Adult-Gerontology Acute Care Nurse Practitioner
 - Family Nurse Practitioner

Engage in relevant learning where you can immediately apply what you learn to meet the challenges in your field and shape the future of your profession. Walden's faculty members are focused on your success. They are scholars, researchers, and distinguished leaders who are selected for their academic and industry credentials.

Now is the perfect time to take your education to the next level.

*Eligible ONL members enrolling after 7/15/2016 may qualify for a 20% tuition reduction when enrolling as a New Walden student in approved degree programs.

This reduction will remain in effect for the duration of the student's enrollment at Walden.

New students who qualify for an existing 10% U.S. partnership tuition reduction may combine that reduction with any one quarter or semester-based offer. Unless otherwise specified, the 10% U.S. partnership tuition reduction is the only offer that may be combined.
